There's now a Genuine Lishi tool available to tackle almost every vehicle lock you

may be faced with. With over 50 2-in-1 pick decoders and a massive range of separate picks and decoders it has never been easier to gain non destructive entry to a locked out car.

Genuine Lishi 2-in-1 picks allow the lock to be picked and decoded within 3 minutes. Genuine Lishi offer a full system from opening the lock and decoding through to cutting new keys.

## 2IN1

The Lishi 2-in-1 Pick and Decoder is the end product of over 2 years development work. These superb tools will pick and decode the lock for you in under 3 minutes. Lock picking is made faster than conventional Lishi Pick due to the revolutionary business end of the tools.

## Genuine Lishi 2in1 Pick/Decoders

## PICK

These are perfectly engineered hand picks. Use these to open vehicle locks both Standard key and Laser key styles. We sell the complete range of Lishi picks as a set or individually.

## Genuine Lishi Picks

## DECODER

Use a Decoder if you offer the service to cut Auto Keys. A decoder will give you the key cut heights for the lock after picking to the open position without having a key present.

## Genuine Lishi Decoders

## READER

Use a Key Reader if you offer the service to cut Auto Keys. A Key Reader will give you the key cut heights for the lock without the need to pick it open and without having a key present.

# LISHI MANUAL

This is a step-by-step manual on how to make the most of your Lishi 2-in-1 tools researched and written by Genuine Lishi Approved Trainer and Distributor, Tony Audsley. The User Guide is a comprehensive 62 page, illustrated manual explaining not just how to pick a lock, but what's inside the lock.

## ESSENTIALS

The new Genuine Lishi Torch is small but effective and can make decoding in the dark much simpler. It can be attached easily to the tension arm of a Genuine Lishi 2-in-1 tool to illuminate the decode grid, and the lightweight design means it is much easier to use (and transport) than a regular torch.

### ESSENTIALS

We now stock training car locks which is an essential piece of equipment for practicing lock picking.

## ESSENTIALS

Use the Lishi key cutter to cut slave keys to the required depths.

After decoding the lock with your Lishi 2in1 or standalone decoder a temporary key can be quickly made.

The robust head cuts accurately through the blank and grippy handles allow for complete control of the cut.
